

501 German Oddities: A Random Collection of Biased Observation, Uninformed Commentary and Unbalanced Opinion (Paperback)

By Hermann Observer

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Sure you may have thought that you already knew everything there was to know about Germany and the Germans. Every school child knows that Germany is the land of circulatory disorders, Doner Kebab, naked sledding competitions and David Hasselhoff. But Germany is more than that. Much more. Did you know, for instance, that Germans invented the Volkswagen, brew over 5000 types of a popular drink called Bier and were actively involved in World War II? I didn't think so. That is why I have gone to the great trouble of putting an enormous amount of my precious time and effort into compiling a work of literary and socio-historical Kunst that will now fill in some of those appalling gaps of knowledge you have. This stupendously superficial and yet Supergeil seminal study will thrill you with its humorous ranting, incisive raving and profound collection of unpremeditated observations, crude commentary and unsolicited opinion, all presented to you by an accomplished Deutschland expert with over 30 years of active experience in das Feld, most of which having taken place in the baffling and bewildering...
