Canyonlands National Park and the Organic ACT: Balancing Resource Protection and Visitor Use

By Dave Watts

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 56 pages. Dimensions: 11.0in. x 8.5in. x 0.1in.In 1964, President Lyndon B. Johnson signed legislation establishing Canyonlands National Park, which resulted in the transfer of a pristine area of high desert in southeastern Utah from the Bureau of Land Management (BLM) to the National Park Service (NPS). The transfer was more than a symbolic shift in agency control. Management of the 527 square-mile area went from BLMs multiple-use-approach to NPS focused management regime under the 1916 Organic Act as supplemented by various laws of Congress. This item ships from La Vergne,TN. Paperback.

Reviews

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
