HIV/AIDS

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, HIV/AIDS, Alan W. Whiteside, HIV/AIDS is without doubt the worst epidemic to hit humankind since the Black Death. The first case was identified in 1981; by 2004 it was estimated that about 40 million people were living with the disease, and about 20 million had died. Despite rapid scientific advances there is still no cure and the drugs are expensive and toxic. Because of controversies and taboos surrounding safe drug usage...

Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

-- **Dr. Kayden Gerlach**

This pdf might be really worth a go through, and superior to other. it absolutely was writtern quite flawlessly and useful. You wont really feel monotony at at any moment of your time (that's what catalogs are for about when you ask me).

-- **Prof. Thea Lakin III**

This publication will be worth purchasing. It really is writer in simple terms instead of difficult to understand. Its been designed in an exceptionally simple way and is particularly only right after i finished reading this ebook in which basically modified me, alter the way i believe.
