## Further Studies in the Lesser-Known Varieties of English (Hardback)

---

By -

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2015. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This volume follows on from The Lesser-Known Varieties of English (Cambridge University Press, 2010), by documenting a further range of varieties that have been overlooked and understudied. It explores varieties spoken by small groups of people in remote regions as diverse as Malta, Bermuda, the Netherlands Antilles, Brazil, the Cook Islands, and Palau. The varieties explored are as much a part of the big picture as major varieties and it is the intention of this collection to spark further interest in the sociolinguistic documentation of minority Englishes in a postcolonial world. Language endangerment is a very real factor for the vast majority of lesser known varieties of English, and this book aims to highlight that documentation and archiving are key initial steps in revitalization and reclamation efforts. This book will be of interest to historians of English, and scholars in dialectology, language birth and death, language contact, typology, and variation and change.

### Reviews

*Very beneficial to all category of folks. We have study and that i am sure that i will planning to go through yet again again in the future. Its been printed in an extremely straightforward way in fact it is just soon after i finished reading this pdf where actually changed me, alter the way i really believe.*

-- Emmett Mann

*Comprehensive information! Its this sort of great go through. It really is rally interesting through studying time. I am just quickly can get a satisfaction of looking at a created pdf.*
