Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Why do women, the nurturers who typically encourage and support their loved ones suddenly become killers? For some, it is not sudden; it is the last stop before their own murder. For many, the reasons lie squarely within the confines of greed, jealousy and rage. The true stories featured in When Walls Talk begins at the gates of the Ohio Reformatory for Women where Lauren, an Investigative Journalist, was assigned to complete a newspaper series titled, Why Women Kill. It provides up close and personal details about the thoughts and actions behind 5 different murders, as related by the women who committed them. There is both horror and gore and details that can only be repulsive, and there is the human side of people who appear to have made inhumane choices. There is a trail of broken dreams and little hope in the lives of the people who arrive at the prison gates. Indeed, it is a broken road that leads to those towering fences with rolls of barbed wire and the slamming of those gates.
