Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****. I can be of no use here, Carry. What am I good for? Why, I could not earn money enough to pay for my own food, even if we knew anyone who would help me to get a clerkship. I am too young for it yet. I would rather go before the mast than take a place in a shop. I am too young even to enlist. I know just about as much as other boys at school, and I certainly have no talent anyway, as far as I can see at present. I can sail a boat, and I won the swimming prize a month ago, and the sergeant who gives us lessons in single-stick and boxing says that he considers me his best pupil with the gloves, but all these things put together would not bring me in sixpence a week. I don t want to go away, and nothing would induce me to do so if I could be of the slightest use to you here. But can I be of any use? What is there for me to look forward to if I stay? I am sure that you would be always worrying over me if I did get some sort of situation that you would know father and mother would not have liked to see me in, and would seem to offer no chance for the future, whereas if I went out there it would not matter what I did, and anything I earned I could send home to you.
