Stephen painfully realizes he knew Amelia, years ago, and he was the sole reason and cause for her mental illness. Feeling terribly guilty of his past, he approaches his friend Zachariah John, a scientist. Zachariah lives with his only daughter Zarina. Zachariah helps Stephen to travel back in time and correct his mistake he committed unknowingly. Stephen goes to the past in the time-machine, changes his past, and then returns to the future. Was he able to solve everything? How has the future changed once he altered his timeline? Did he ever wish the future to happen that way?
