Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

BRAND NEW, Payback Time: Eight Steps to Outsmarting the System That Failed You and Getting Your Investments Back on Track, Phil Town, Millions of people have done everything recommended by professional financial advisors only to see their retirement funds dwindle or even disappear entirely in the global financial crisis. Does anyone really still believe that methods such as 'buy and hold' investing will protect them from risk? In "Payback Time", Phil Town - author of "New York Times" bestseller "Rule Number 1" - demonstrates the investment tactics that will enable you to ensure a safe and profitable financial future for yourself. Calling on time-proven strategies used by the world's best investors, he shows how you can reverse your nest egg's downward direction by purchasing the stock of solid companies at windfall prices - prices that can only head in one direction: up! The time has never been better for making money in the stock market - if you know how.
