Excerpt from Life and Exploits of the Noted Criminal: Bristol Bill Knowing the interest that is ever felt in the public mind, to learn as much as possible of the early life of any celebrated character, we have endeavored to truthfully portray the scenes of William Darlington's early days, and describe, according to the facilities afforded, that period of his history which first saw him impelled to crime, and which so strongly marked but, for the once innocent but rash young man, a walk in life not easily to be retraced, and leading slowly but surely to the disgraceful fate of a most notorious and convicted criminal. To those who know intimately the subject of our sketch, and who, under certain favorable circumstances, have listened to the evidently sincere relation of incidents in his early and later history, we need scarcely say, that little of fiction will be found in this memoir, and also that many of the most thrilling scenes in Darlington's life must necessarily be imperfectly described. We know of but one gentleman coming from the land of Darlington's nativity, who has ever been enabled to afford the slightest information concerning the early career of our hero; and such facts as we have gleaned at times from him most strictly correspond with the many fragments of a confessional nature made by Bristol Bill himself. It is therefore that we feel warranted in putting before the world a publication of what we consider a genuine history of the most celebrated burglar and bank robber of modern times.
