

Exploring the World of Bees

By Tracy C. Read

FIREFLY BOOKS LTD, Canada, 2011. Paperback. Book Condition: New. 196 x 196 mm. Language: English . Brand New Book. We watch bees buzzing from plant to plant in our gardens, yet apart from worrying about being stung, many of us don't give them another thought. But who are these flying insects, and what exactly are they doing in our backyards? Exploring the World of Bees covers the differences in the social lives of bees and how they organize their families, their homes and their work. Young readers can learn that different bees have developed special physical adaptations - from a body size so small they can't be seen in flight and keen vision to extra-long nectar-lapping tongues and convenient leg packs for carrying pollen. They'll also discover more about the many ways in which humans depend on bees, even while our activities increasingly put these precious pollinators at risk.

Reviews

An exceptional pdf and also the typeface applied was intriguing to read through. It is definitely simplified but excitement in the 50 % in the ebook. I discovered this ebook from my dad and i recommended this pdf to find out.

-- Jarod Ward

Complete information for publication enthusiasts. It is really basic but shocks inside the fifty percent of your book. I am just delighted to let you know that this is basically the finest book i have read through in my individual lifestyle and might be the best pdf for actually.
