

Social Science Methodology

By Gerring, John

Condition: New. Publisher/Verlag: Cambridge University Press | A Unified Framework | New and thoroughly revised edition of this exceptional textbook, offering a one-volume introduction to social science methodology. Gerring's exceptional textbook has been thoroughly revised in this second edition. It offers a one-volume introduction to social science methodology, relevant to disciplines across the social sciences. It covers both qualitative and quantitative methods and synthesizes the diverse field of methodology in a way that is clear, concise and comprehensive. | John Gerring's exceptional textbook has been thoroughly revised in this second edition. It offers a one-volume introduction to social science methodology relevant to the disciplines of anthropology, economics, history, political science, psychology and sociology. This new edition has been extensively developed with the introduction of new material and a thorough treatment of essential elements such as conceptualization, measurement, causality and research design. It is written for students, long-time practitioners and methodologists and covers both qualitative and quantitative methods. It synthesizes the vast and diverse field of methodology in a way that is clear, concise and comprehensive. While offering a handy overview of the subject, the book is also an argument about how we should conceptualize methodological problems. Thinking about methodology through this...

Reviews

A top quality publication along with the font used was intriguing to read. I really could comprehend everything using this written e book. Its been designed in an remarkably straightforward way and it is only after i finished reading through this publication by which basically altered me, modify the way i believe.

-- Cathrine Larkin Sr.

Very useful to all of group of people. I actually have read through and so i am certain that i will planning to study yet again once again down the road. I am just very easily can get a satisfaction of looking at a created book.

-- Mark Bernier
