Mindware: Tools for Smart Thinking

By Richard E Nisbett

Farrar, Straus and Giroux, United States, 2016. Paperback. Book Condition: New. 208 x 140 mm. Language: English . Brand New Book. Scientific and philosophical concepts can change the way we solve problems by helping us to think more effectively about our behavior and our world. Surprisingly, despite their utility, many of these tools remain unknown to most of us. In Mindware, the world-renowned psychologist Richard E. Nisbett presents these ideas in clear and accessible detail, offering a tool kit for better thinking and wiser decisions. He has made a distinguished career of studying and teaching such powerful problem-solving concepts as the law of large numbers, statistical regression, cost-benefit analysis, sunk costs and opportunity costs, and causation and correlation, probing how best to teach others to use them effectively in their daily lives. In this groundbreaking book, he shows that a course in a given field--statistics or economics, for example--often doesn't work as well as a few minutes of more practical instruction in analyzing everyday situations. Mindware shows how to reframe common problems in such a way that these powerful scientific and statistical concepts can be applied to them. The result is an enlightening and practical guide to the most powerful...
