RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 40 pages. Original publisher: Washington : U. S. G. P. O. : For sale by the Supt. of Docs. , U. S. G. P. O. , Congressional Sales Office, 2002. OCLC Number: (OCoLC)53180167 Subject: Water -- Purification -- California -- San Diego Creek Watershed (Orange County). Excerpt: . . . 11 Reclamation has had some preliminary discussions with the Irvine Ranch Water District about proposed surface water treatment, groundwater treatment, and brine disposal components of their project. However, H. R. 1598 authorizes the design and construction of the project before Reclamation or the project sponsors have completed a feasibility study that meets the legal requirements of Title XVI. Reclamation requires that feasibility studies be completed first to determine whether these particular projects warrant Federal construction authorization. Therefore, the Department believes the legislation to be premature and cannot support H. R. 1598 at this time. The Department also believes that this legislation would likely place an additional burden on Reclamations already tight budget. With the tremendous backlog of existing Title XVI projects, we do not support the addition of new projects at this time. Thank you for the opportunity to comment on H. R. 1598. That concludes my statement and I would be happy to answer any questions. Statement of Mark A. Limbaugh, Director, External and Intergovernmental Affairs, Bureau of Reclamation, U. S. Department of the Interior, on H. R. 1732 My name is Mark Limbaugh and I am Director of External and Intergovernmental Affairs for the Bureau of Reclamation. I am pleased to present the views of the Department of the Interior on H. R. 1732, concerning the Williamson County water reclamation project in the State of Texas. H. R. 1732 would amend the Reclamation Wastewater and Groundwater...
