Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 280 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The north-eastern quarter of the continent of Africa is drained and watered by the Nile. Among and about the headstreams and tributaries of this mighty river lie the wide and fertile provinces of the Egyptian Soudan. Situated in the very centre of the land, these remote regions are on every side divided from the seas by five hundred miles of mountain, swamp, or desert. The great river is their only means of growth, their only channel of progress. It is by the Nile alone that their commerce can reach the outer markets, or European civilisation can penetrate the inner darkness. The Soudan is joined to Egypt by the Nile, as a diver is connected with the surface by his air-pipe. Without it there is only suffocation. Aut Nilus, aut nihil!.
