## SEISMIC EVALUATION AND RETROFIT OF EXISTING BUILDINGS (PAPERBACK)

American Society of Civil Engineers, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. Seismic Evaluation and Retrofit of Existing Buildings describes deficiency-based and systematic procedures that use performance-based principles to evaluate and retrofit existing buildings to withstand the effects of earthquakes. This next-generation standard combines the evaluation and retrofit process and puts forth a three-tiered process for seismic evaluation according to a range of building performance levels - from collapse prevention to operational - that marry...
