JESSICA KINGSLEY PUBLISHERS, United Kingdom, 1998. Paperback. Condition: New. Language: English . Brand New Book. This book would appeal to professionals and practitioners in the field of bereavement care, particularly funeral practices. In the presence of much that is so meaningless through grief, this book provides a meaningful overview, perhaps with new insights and perspectives, and is as such highly recommended. - The Compassionate Friends Newsletter UK Discusses research in the field of art therapy, the forms of research available in the field, and the ways in which definitions of research affect understanding of the arts therapies and how they are practised. In his introductory chapter, the author outlines the importance of research into the arts therapies and explains that, while the rest of the book focuses primarily on research into drama therapy , his observations are applicable to other forms of art therapy. He describes the characteristics of art therapy and how these affect the types of research that can be carried out in the field. The author addresses questions relating to research by practicing art therapists, the investigative processes open to them, and the necessary differences between the approaches they take and those of traditional academic research. He proposes an art-based form of research, which uses art as both the means of interpreting art and of presenting that interpretation. - ARTbibliographies ModernIn The Social Symbolism of Grief and Mourning Roger Grainger focuses on the role of funerals in promoting the personal and social adjustment of the bereaved. The work explores the significance of many of the areas and stages connected with death, with chapters covering such topics as: * attitudes towards death * our fear of death and dying * ways in which we attempt to come to terms with death * the rituals that surround these processes. By tying together folklore and...
