The Media Ecosystem: What Ecology Can Teach Us About Responsible Media

By Antonio Lopez

North Atlantic Books, U.S., United States, 2012. Paperback. Book Condition: New. 175 x 107 mm. Language: English . Brand New Book. In *The Media Ecosystem*, Antonio Lopez draws together the seemingly disparate realms of ecology and media studies to present a fresh and provocative interpretation of the current state of the mass media--and its potential future. Lopez explores the connections between media and the environment, arguing that just as the world's powers have seized and exploited the physical territories and natural resources of the earth, so, too, have they colonized the cultural commons--the space of ideas that everyone shares. He identifies the root of the problem in the privileging of mechanistic thinking over ecological intelligence, which recognizes that people live in a relationship with every other living thing on the planet. In order to create a more sustainable media ecosystem--just like the preservation of organic ecosystems--we must reconnect our daily media activities to their impact on others and the environment. To become organic media practitioners, we must become aware of the impact of media use on the environment; recognize media's influence on our perception of time, space, and place; understand media's interdependence with the global economy; be...

Reviews

This composed book is excellent. This really is for all who state that there had not been a worth reading through. Your life period will probably be change as soon as you total looking over this ebook.

-- **Cheyenne Barrows**

The book is fantastic and great. I have go through and i also am certain that i will planning to read through once more once more down the road. Its been printed in an exceedingly simple way and is particularly simply after i finished reading through this publication through which really changed me, change the way i think.
