The Illinois And Michigan Canal. An important factor in Chicago s material development was the construction of the Illinois and Michigan canal, an artificial water-way connecting the city with La Salle, the head of steamboat navigation on the Illinois river. Work on this improvement was begun in 1836. Liberal appropriations of public lands were made by the general government in aid of the work. After protracted delays, incident to the embarrassed financial condition of the State, the canal was completed and opened for traffic in the spring of 1848. A new era in the commercial prosperity of the young city now dawned upon it; and with the rapid settling and development of the territory contiguous to this new line of transit, and the facilities it gave for communication with the whole Mississippi valley, there sprang up a greatly enlarged...
