A Guide to Managing Engineering and Architectural Design Services Contracts: What Every Project Manager Needs to Know (Paperback)

By MR John M Lowe Jr

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The book is a resource to design professionals as they manage their professional services contracts. Its more than fifty topics address the process from being selected, through the design process, and to preparation of record documents after construction. The book also contains twelve sample documents intended to improve effectiveness and efficiency during the design and construction process. The sample documents are available for purchase in their native format on the author s website. For more information, please visit the author s website, This book can be used in several ways: As a primer on professional services contracts -The topics are arranged in the chronological order commonly experienced during a project. Accordingly, they can be studied without reference to a specific project from start to finish. As a text to introduce college students to the basics of contracting for professional services - Although recent graduates will not need the information in the book for several years, an early introduction to the terms and having the book when needed will be of great value. As a resource during a project -...
