

Unprecedented Crime: Climate Science Denial and Game Changers for Survival (Paperback)

By Dr Peter Carter, Elizabeth Woodworth

Clarity Press, 2018. Paperback. Condition: New. Language: English . Brand New Book. In 2017, the heat waves, extreme wild fires, and flooding around the world confirmed beyond doubt that climate disruption is now a full-blown emergency. We have entered Churchill's period of consequences, yet governments have simply watched the disasters magnify, while rushing ahead with new pipelines and annual trillions in fossil fuel subsidies. Governments simply cannot say they did not know. The events we are seeing today have been consistently forecast ever since the First Assessment by the Intergovernmental Panel on Climate Change, which was signed by all governments back in 1990, and which has been described as the best evaluation project ever designed. Unprecedented Crime first lays out the culpability of corporations, governmental, political and religious bodies, and especially the media through their failure to report or act on the climate emergency. No emergency response has even been contemplated by wealthy high-emitting national governments. Extreme weather reporting never even hints at the need to address climate change -- even though it is producing wars and migrations among the world's poorest, those who have contributed the least to global warming. Yet, independently of governments, scores of proven...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
