Ho Math Chess Tutor Franchise Learning Centre, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. How did I start to write this Learning Chess to Improve Math workbook? I started to teach my son chess when he was five years old. At that time, a lot of information I had read indicated that there was a strong relationship between mathematics and chess. My son was interested in chess so what would happen if he carried the same interest in chess on to a subject which would require him to use his chess knowledge? What could chess offer in mathematics education? These kinds of questions sparked my interest in studying the relationship between chess and math. What I had found was there had been many chess or math puzzles published but I was not able to find a collection of mathematical chess problems that was specifically created for youngsters. In 1995, I was involved in teaching math and chess at the same time and I started to seriously look into the possibility of creating some math and chess hybrid problems. This is how my son and I started to create the first generation of Math and Chess integrated workbook titled Mathematical Chess Puzzles for Juniors ISBN 0-9683967-0-4 and it was archived at National Library of Canada. It is designed and written for the purpose of learning all kinds of problem-solving skills through over 100 mind- provoking and sometimes mind-boggling mathematical chess puzzles. The uniqueness of this book is that only the basic chess knowledge and the elementary math ability are needed to solve most of these puzzles. I have been working on refining the contents ever since and after almost 20 years of working the first math and chess workbook, I have incorporated many...
