

The Mysterious Epigenome: What Lies Beyond DNA

By Thomas Woodward, James Gills, Tom Woodward

Kregel Publications, U.S. Paperback / softback. Book Condition: new. BRAND NEW, The Mysterious Epigenome: What Lies Beyond DNA, Thomas Woodward, James Gills, Tom Woodward, Many believers don't understand the importance DNA has on their everyday routines. Healthy lifestyles--and healthy spiritual lives--are very much related to the epigenome, the control system of the cell. It's time for Christians to learn the amazing and mysterious benefits of understanding what lies beyond DNA. In this creative and inventive treatment, authors Thomas E. Woodward and James P. Gills take readers on an exploration of the human epigenome. Acting as tour guides leading visitors through a 3-D model of a human cell, Woodward and Gills bring to life the human molecular makeup. Readers (as visitors) will get up close and personal with the minute details of human molecular structure, including E. coli, flagellum, a DNA helix, an RNA molecule, and more. By seeing it with their own eyes, readers will gain a better understanding of their genetic systems and a better appreciation for the Creator who put this all into place. Perhaps the most exciting aspect of understanding epigenetic information is the potential to proactively reprogram the human epigenome to allow for improved physical and spiritual...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Ally Reichel**

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
