Brand New Book ***** Print on Demand *****.May 2004 marked a significant moment in Indian history when a newly elected government decided to accord highest priority to beef consumption and export, making it truly a national initiative . India is known all over the world as a peace loving country. It is a historical fact that India has never attacked any other nation and has always believed in peaceful coexistence. It is also probably the only country that provides for animal care in its constitution. Animals are mentioned as something more than just food. Each citizen is enjoined to care for and preserve nature and its creatures. Compassion and non-violence formed the core belief of all the religions that originated from this great land. Traditional Indian or Vedic way of life teaches respect for all life forms. In their view, all living beings are born of mother nature and have an equal right to life. Indeed, in Vedic conception, animals are treated like innocent children and are meant to be given all protection. But suddenly India s national policy took a U-turn...
