By Winifred C Hill

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Select Bibliography of Publications on Foreign Colonisation German, French, Italian, Dutch, Portuguese, Spanish, and Belgian Contained in the Library of the Royal Colonial Institute If the following bibliography should enable any reader to study the progress of foreign colonisation it will have answered its purpose. We have something to learn from foreign nations. We owe to Germany great additions to our knowledge of the African fauna and flora, the ethnology, archaeology, and diseases of Africa and the South Pacific. Every encouragement has been given in German colonies to the scientific application of agriculture, the study of tropical products and agricultural experiments upon broad and practical lines, the study of practical hygiene, and the study of native languages. From this point of view German methods are worth our attention, particularly because during recent years corresponding advances have been made in our own colonies.
