Nursesync LLC, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Have you dreamed of becoming a Nurse for as long as you can remember? Do you think you have a pretty good idea of all that a career in Nursing entails? Or have you just graduated from Nursing School and now find it s nothing as you expected? Worse yet, did your classes not prepare you for the magnitude of responsibility you now have? Were you not given clear strategies on how to manage your patients and the extensive workload required during a 12 hour shift? Or, have you been a Nurse for some time, but now feel tired, frustrated, and no longer sure this is the career for you? Do you struggle to get through your shift, going home with fear and worry you missed something in the care of your patients, or perhaps don t feel you gave them your best due to being overwhelmed by multiple conflicting priorities? For some of us, the realities of being a Nurse seldom match either our imagination or our expectations, and all too often our education falls short in providing us with adequate preparation-given its limitations in clinical time, intensity, scope, and supervision. Furthermore, traditional Nursing Theory is often a sea of confusing rhetoric which only minimally translates to any sort of practical application. And, suffice it to say, when you re a New Grad, you need survival skills-plain and simple. You ve been taught the Science, in terms of Anatomy and Physiology; you ve read about the procedures, and may have even performed a few of them once or twice; but, how do you put it altogether when caring for 5 or 6 or 7 patients, especially after a typically minimal orientation,...
