Thousands of people scream Grady Baker s name every night, but Evie Pearson won t even look at him. Building a rock and roll empire isn t easy, but Bourbon Suicide is doing it with every sold-out concert, platinum album, and smart business decision. The son of an eighties rock band singer and a video vixen, Grady knows how to play the part, if he can just avoid the burnout. Combine chemicals, detonate, get a beautiful effect.or burned to the bone. While Grady was skateboarding naked, Evie was putting herself through a technical theater program by working at a fireworks company. A woman in a man s world, she can handle the pyro and out-swear the other roadies, but one misstep can have her doing corporate picnics. A rock tour is unlike any office on earth, but sex with the client is still a bad idea. The arrogant rock star persona hides a man who wants to take care of the people he loves. He shows that side far less often than he does his back dimples, but once Evie sees it, enemies quickly become friends, then lovers. As she gets further and further into their world, Evie finds a family she never expected. Grady, the man, would do anything to keep his fire woman. Grady Baker, rock star, could cost Evie her career. And their empire.
