Mithridates (Paperback)

By Jean Racine

Digireads.com, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The 17th century dramatist Jean Racine was considered, along with Moliere and Corneille, as one of the three great playwrights of his era. The quality of Racine's poetry has been described as possibly his most important contribution to French literature and his use of the alexandrine poetic line is one of the best examples of such use noted for its harmony, simplicity and elegance. While critics over the centuries have debated the worth of Jean Racine, at present, he is widely considered a literary genius of revolutionary proportions. In this volume of Racine's plays we find Mithridates, the eighth of twelve plays by the author. In this drama Racine draws upon the historical figure of Mithridates who is remembered as one of the Roman Republic's most formidable and successful enemies. Having reigned over the kingdom of Pontus, around the Black Sea, Mithridates was famous for having gradually immunized himself to poisons. Popular in its day being a favorite of King Louis XIV, the play has become increasingly rare on stage over the past centuries.

Reviews

Merely no words to spell out. It is amongst the most awesome publication i have read. Your life span will likely be transform as soon as you full reading this book.

-- **Marvin Okuneva**

Completely among the best publication I have got at any time go through. I have got go through and so i am confident that i will likely to read again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
