Brand New Book ***** Print on Demand *****.Since the invention of the clock, humans have become keenly aware of time-both how much they have and how quickly it slips away. In this classic book on time management, Bennett instructs his readers on how to live life to the fullest, given that there are twenty-four hours in a day and always so much to accomplish. Managing time, not money, is the true route to happiness. You can get more money. But time is parceled out at the same rate for everyone, no matter their class or income. Time, the rarest commodity, cannot be made to last, but it can be lived. And by living it properly, anyone can improve their level of satisfaction and happiness.
