TRANSMISSION CONTROL PROTOCOL OVER 4G LTE-ADVANCED NETWORKS

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Performance and Enhancement Opportunity | Transmission Control Protocol (TCP) is the dominant protocol in modern communication networks, within which the issues of reliability, data flow and congestion control must be handled efficiently. TCP provides a communication service at an intermediate level between an application program and the Internet Protocol (IP). With the evolution of Third Generation (3G) toward 4G wireless network, such as Long Term Evolution-Advanced (LTE-Advanced) standard, the use of TCP...

Reviews

Just no phrases to spell out. it was writtern very properly and valuable. I am very easily can get a delight of reading a written book.
-- **Eric Macejkovic**

The best ebook i actually study. I have got study and i am certain that i am going to going to study yet again again in the foreseeable future. I found out this ebook from my i and dad suggested this book to find out.
-- **Allison Heaney**

Basically no phrases to explain. It really is filled with knowledge and wisdom You are going to like how the author create this book.
-- **Gerald Conn**
