Question: Does the average person have the time or the education to research and evaluate mainstream beliefs concerning God, religion and science - ideas that many people accept as truth and which permeate every realm of influence in our society? Unfortunately, people are usually so busy with the everyday cares of life that they find little time and even less desire to delve into any lofty quest for truth in such areas. After all, don t most people just believe what they learned in school or church or what they have gleaned from media, family, friends, movies, books, news reports and of course, the internet? Obviously, any search for truth that involves God, religion and science would be time consuming and would require wading through a sea of high-minded and often conflicting information espoused by scientists, professors, philosophers, historians and theologians who sometimes have difficulty communicating their wealth of knowledge and insight in a way that isn t overly detailed and boring for the average person. This book was written by a thoughtful and inquisitive public servant who had a burning desire to seek out truth in these areas. What began as a simple quest, turned into a passionate journey that took thousands of hours and more than two years to complete. This expose systematically untangles a web of lies that are keeping many in a state of intellectual, emotional and spiritual captivity and it does so in a logical, intelligent and interesting way. And, even though this book was originally hand-written nearly thirty years ago as a labor of love for a few friends...
