If the existence of God can be proven; shouldn t that truth be fought for? The claims of Christianity can be understood very easily through the means of basic ideas, science, prophecy, and the impact of the resurrection of Jesus Christ. It is as simple as  $1+1=2$ . And yet, we live in a world that is being overpowered by an anti-God agenda. It has gone from mere disagreement to fully blown discrimination against Christians. Sadly, we have done a poor job defending the truth. It is our duty to understand the truth, embrace it, and defend it. It s time we take a stand for what is right and begin leading our nation back to God. The truth must be fought for. Without it, we lose everything.
