Run Forrest, The Allfather yelled to a student running past him. No one knew what the hell he was saying. Forests don't run. In this first part of C.K. Sheldon's introductory novel, the Allfather Saga takes up with an elusive and mysterious group of immortals. They've just been exposed and the revelations connected to their genetic enhancements before they left Earth have far larger implications globally. For thousands of years, the Allfathers have guided humanity's development, until a message is received from deep space. Earth may be in trouble. The world is divided between East and West due to a devastating apocalypse that nearly destroyed humanity on Merka. That name had evolved from the original name of this colony world: America. Will the war that has begun between the Allfathers stop the plan of unifying humanity? Can the mystery spanning human history help lead the human race to peace? Will the Hollywood loving and quoting Allfather Mark open his heart and reveal his secrets before it's too late? Harness your dragon, reach for your blade and join the battle. The vision of a united future - One World, One People - hangs in the balance. Where will your allegiance lie, and who will win your heart? Note from Author: The Allfather...
