ART THERAPY, RESEARCH AND EVIDENCE-BASED PRACTICE

SAGE Publications Ltd. Paperback. Book Condition: new. BRAND NEW, Art Therapy, Research and Evidence-based Practice, Andrea Gilroy, 'This is an important and topical book coming at a time when there is growing pressure to show evidence of good practice, in order to reassure the prospective client, and to demonstrate financial accountability. It gives valuable guidelines and examples for art therapists. The book is innovative and inspiring, and the author's enthusiasm shines through. I end with the last line of this topical, readable, relevant book - one that encapsulates its content: 'We need the facts, we need the figures, but we need the stories and the pictures, too' - "Therapy Today". This book makes a major contribution to the field of art therapy by reviewing, in an accessible and informed manner, the issues around the development of research-informed practice. The author offers an overview of different traditions of inquiry that will be of value to practitioners as well as those actually involved in carrying out research' - John McLeod, Tayside Institute for Health Studies, University of Abertay Dundee. This impressive book is lively, inspiring and innovative. Andrea Gilroy's energetic enthusiasm for her subject is infectious. She breathes life into the topics of research and EBP. This rich exploration combines a rigorous investigation of the existing literature with intelligent, original and practical suggestions. A thorough, informative approach that challenges existing thinking. This is a must for art therapists - at last a book that places art at the centre of our evidence in a convincingly argued, accessible and rewarding read' - Professor Joy Schaverien PhD. Art Therapy around the world is under increasing pressure to become more "evidence-based". As a result, practitioners now need to get to grips with what constitutes "evidence", how to apply research in appropriate ways and also how to contribute to...
