ADHD Nation: Children, Doctors, Big Pharma, and the Making of an American Epidemic (Paperback)

By Alan Schwarz

Scribner Book Company, 2017. Paperback. Condition: New. Reprint. Language: English . Brand New Book. The groundbreaking account of the widespread misdiagnosis of attention deficit hyperactivity disorder--and how its unchecked growth has made ADHD one of the most controversial conditions in medicine, with serious effects on children, adults, and society. ADHD Nation should be required reading (The New York Times Book Review). More than one in seven American children are diagnosed with ADHD--three times what experts have said is appropriate--meaning that millions of kids are misdiagnosed and taking medications such as Adderall or Concerta for a psychiatric condition they probably do not have. The numbers rise every year. And still, many experts and drug companies deny any cause for concern. In fact, they say that adults and the rest of the world should embrace ADHD and that its medications will transform their lives. In this powerful, necessary book, Alan Schwarz exposes the dirty secrets of the growing ADHD epidemic (Kirkus Reviews, starred review), including how the father of ADHD, Dr. Keith Conners, spent fifty years advocating drugs like Ritalin before realizing his role in what he now calls a national disaster of dangerous proportions ; a troubled young girl and a...
