

The Essence of Dowsing (Paperback)

By Nigel Percy

Sixth Sense Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. What is the most important part of dowsing? The tool you use? The results you get? Or is it something else instead? Something less obvious? Instead of looking at dowsing from the point of view of what your results might or might not say about your ability, the author suggests that there is a better way of thinking about this simple, natural skill. He shows that science and scientific validation are not useful or even necessary to pursue, but that a more personal approach and understanding are what really counts. Using examples and ideas from many sources, he challenges you, the dowser, new or experienced, to look at what it is you really do, what it is that really happens when you dowse. That is, he argues, the essence of dowsing. And, too often, it is ignored or overlooked, to the detriment of your full potential as a dowser. This philosophical and erudite work is for passionate dowsers who want to think deeply about dowsing; it is not a how to guide, nor is it a shallow, quick read. The...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
