Fox Chapel Publishing, 2011. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: If you're a romantic like I am, you begin to dream about all the lovely things you'd like to accomplish during the Fall and holiday seasons. Some of the things on my list include: carving castles out of pumpkins, keeping a Yule log burning without getting the house too hot, and making real apple cider. They don't have books for the first two, but there is a good one for the third. "Real Cidermaking On a Small Scale" introduces you to the art of making cider at home. So you peel, mash, shake up and serve. Right? Sounds easy. Let's make a night of it and have fresh apple cider for Halloween and Thanksgiving. Not quite. When you find words like "fermentation," "hydrometer," and "pasteurization" in the appendix, the excitement begins to wane. But don't let it. If you've got the apples, the space, and perhaps a group of neighbors or friends who like to get together, cider making appears to be a really fun and rewarding hobby to get into. It's like making beer, but better for the kids. The authors, Michael Pooley and John Lomax, put it this way: "The physical labor in cidermaking itself is satisfying, because it is earthy, shared, varied, and directed to some splendid product, while the occasion - whether you live in an urban or rural environment - is full of rich social and recreational possibilities for adults and children alike engaged upon a common enterprise." While there may be ways to make a "quickie" cider, this book is specifically for those who want to make a product worthy of resale. It explains the importance of proper preparations, equipment and sterilization. And while all may appear to be complicated,...
