KEELEY (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Amidst the growing national debate about gender identity, it isn't easy being a conservative or Christian parent raising a child with gender dysphoria. These parents are navigating uncharted waters, often without support and resources geared toward their population. Keeley is the fictional story of a child growing up with gender dysphoria in a Latter-Day Saint family. Told from the father's perspective, it includes fourteen references to scientific studies and seven quotes from prophets. As this devout father searches for scientific and spiritual answers for his beloved child, he encounters critically important information for the conservative, Christian community to understand about gender-related conditions. Although the protagonists are Latter-Day Saints, the universal principle of an honest, intellectual, and spiritual search for answers will inspire parents of many faiths. Keeley tackles one of the most controversial subjects of our time from an angle that has never before been tried. Readers will be touched by Keeley's spiritually-minded, compassionate, scientifically accurate perspective on a very difficult topic.
