

## The Wizard of Automation (Paperback)

By Roman Rammler

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Innovation - Automation - Future Increase the competitiveness of your company! THE WIZARD OF AUTOMATION An intriguing story about the advantages of a new Process Automation System as well as An Entrepreneur s Guide to Launching Managing an Automation-Technology Company The book is unique and has received many endorsements and outstanding customer review ratings. The book offers new ideas for advanced control that can increase plant efficiency, flexibility and reliability. The book provides recommendations that help you overcome the challenges of a Technology Startup or Small Medium-Sized Enterprise (SME) in a faction form - that is, blending facts with fiction in a story/novel form - to convey the message in an effective way. The challenges of a startup, or an SME, are communicated by a fictional account of real events. And, as illustrated in the story, segregating goals into easy-to-understand parts can help to create a roadmap for success. The book will make the difference in building a successful company. Increase the competitiveness of your company! The industrial automation niche is a market of 180 Billion dollars, which, although dominated by...
