CONNECTING TWO WORLDS: AN ENVIRONMENTAL JOURNEY FROM PEACE CORPS TO PRESENT (PAPERBACK)

Peace Corps Writers, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. He approached me with some trepidation but also with a sense of urgency in his voice. He asked to close the door of my mud-brick house so that he could speak to me in private and was clearly nervous about the issue he wanted to discuss. With some hesitancy, he cautiously proceeded to ask his troubling question. Was it possible for his friend to dig a well so deep that he would fall through the other side of the earth? He waited for my response. Early in my two years as a Peace Corps Volunteer, I thought such questions were naive and amusing. I soon realized that real world meant different things in different cultures. I had many interesting conversations and experiences and have captured a variety of them in Connecting Two Worlds. I lived in the Sahel region of French West Africa. This is a belt of hot, arid land that stretches a from Senegal in the west to the Sudan in the east forming a seamless boundary with the Sahara Desert. The encounters and connections I made have remained vividly alive for me forty years later as I piece together my experiences with the people and the environment then with our world now. Today, as we begin to experience greater uncertainty in ecosystem health and sustainability, as we begin to experience peak everything from oil to water, I have suddenly begun to see the convergence of two worlds that had once seemed so very far apart. Throughout Earth s history, nature has controlled the processes that manage species diversity, evolution and extinction with remarkable efficiency. These natural processes began to change with the onset of the Industrial Revolution...
