Xulon Press, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In my journey through life, I have studied basic questions about God. Along the way numerous people have asked me, Is God real? How do I know the real God from false gods? Why did Jesus have to die to save us? Many times, our modern world has over complicated things. It is often easy to give up when trying to sort through all the confusion. God is not a complex God. He made things simple. It is easy. Just ask. One day, I sat down and questioned, If I knew nothing of God, what kind of questions would I want the answers to? After making a list, I began to study and research each one. This book will take you on an adventure through God s Word, my personal experiences and studies as I found the answers. God has many ways of speaking to us. The Bible has all the information and is the number one source. God can use people. He can work through people in a church, a stranger on the street, or a close friend. He has ways to reply to our questions including books, and videos to name a few. As you will find in this book, He even used a donkey.
