

Code Name Phantom (Paperback)

By George M James

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In Code Name Phantom, we look at security at military installations and the state of the military ordnance kept there. There are shocking statistics highlighted in this book and this is the state of affairs everywhere where the military are to be found, not only here. In 2010, in South Africa, there was 78,000 tons of immediate use ordnance available, 67 of these are in need of immediate destruction, that is 52,260 tons, for reasons given in the book. In simple terms, the old ordnance may explode at any time and the problem getting worse since they are unsafe to move. They should have been used already in exercises, shot out or destroyed. However, it will take 34 years to destroy the existing unstable ordnance using normal methods which are burning or blowing. Dumping them into the oceans, the traditional way is forbidden by international treaties and will not happen. These are mindboggling figures and it should worry you if close to any military ordnance depot anywhere in the world. But, it gets worse. It is also known that Special Forces,...
