

The Geology of the Country Near Newquay (Classic Reprint)

Filesize: 5.46 MB

Reviews

Basically no words to clarify. Of course, it is perform, still an amazing and interesting literature. Its been printed in an exceptionally basic way which is only soon after i finished reading through this ebook where actually altered me, change the way i really believe.
(Newton Runolfsson)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Geology of the Country Near Newquay This Memoir deals with the area included in the New Series One-inch Map 346 (Newquay). The original Survey was made by. De la Beche, with assistance from officers of the Ordnance Survey, and the results were published on Sheets 30 and 31 (Old Series) in 1839. Additional lodes were subsequently inserted by Sir W. W. Smyth, and revised editions of the maps were published in 1866. On comparing the earlier maps, so far as they relate to the area in question, with the map now issued, it will be noted that the main difference lies in the fact that the Devonian rocks have been separated into three groups: the purple and green rocks of Watergate Bay, which are regarded as the equivalents of the Dartmouth Slates, the Meadfoot Beds, and the Staddon Grits or Ladock Beds. The literature relating to the area is somewhat extensive, but deals mainly with the mining area around St. Agnes, which has been carefully studied by Henwood, Warrington Smyth, R. Hunt, J. A. Phillips, C. le Neve Foster, and J. H. Collins. During the progress of the Survey we have received assistance from many observers, whose names will be found in the following pages, but to Messrs. Howard Fox, W. D. Barnes, Walter Barratt, Prof A. C. Seward, Capt. Turner, Dr. G. J. Hinde, and Dr. R. H. Traquair our thanks are especially due. The re-survey has been made on the Six-inch Maps, which are available for reference in the Geological Survey Library, and of which Ms. copies may be obtained. The northern half of the area was surveyed by Mr. Reid, and...
