

## Cultivated Forage Crops of the Northwestern States (Classic Reprint) (Hardback)

By Albert Spear Hitchcock

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Cultivated Forage Crops of the Northwestern States During the summer of 1901 Professor Hitchcock under instructions from the then Agrostologist, Prof. F. Lamson - Scribner, visited the States of Kansas, Nebraska, Colorado, Wyoming, Utah, Nevada, California, Oregon, Washington, and Idaho for the purpose of studying conditions with reference to cultivated forage crops. In the course of his investigations he visited the experiment stations of the above States and interviewed many farmers and ranchmen, from some of whom he received much valuable information. Considerable information was also obtained from seedsmen and from dealers in grain and hay and farm machinery. The accompanying paper is a resume of the information thus obtained. It is recognized that in a large section of country rather sparsely settled, and particularly one in which agriculture is a recent development, many farmers and others have learned much that would be valuable to others in the same section of country. The principal object of this paper is to make common property of the individual knowledge of various farmers, ranchmen, and others, so that each may benefit..

*This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that I am sure that I will go on to read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.*
