Barron s Educational Series Inc.,U.S., United States, 2017. Hardback. Condition: New. Language: English . Brand New Book. Little ones will like what they see in Forest, a bold, beautifully illustrated cloth book that helps them learn about the big, bright world. A 3-D cover features the softest velour for babies to touch, and a mirror lets them see their own smiling faces! Inside, babies will find crinkly pages to hear (and feel) and lots of engaging illustrations of forest friends to see, including a fox, owl, squirrel, raccoon, and more. Since newborns respond best to high contrast colors, this book (and all of the books in the Baby Sees series) features cute furry animals in black, white, and red. These color combinations will captivate your baby while encouraging visual development and physical activity like wiggling, kicking, clapping, and waving.
