

## The Making of Australia (Paperback)

Filesize: 2.89 MB

### **Reviews**

*This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.*

Random House Australia, Australia, 2015. Paperback. Condition: New. Language: English . Brand New Book. This is the story of how a struggling convict settlement grew into six dynamic colonies and then the remarkable nation of Australia. Told through the key figures who helped build it into the thriving nation it is today, David Hill once again offers up Australian history at its most entertaining and accessible. In his latest book, David Hill traces the story of our nation from its European beginnings to Federation. When James Cook landed on the east coast of Australia, the rest of the world had some idea of how empty, vast and wild this continent was, but so little was known of it that in 1788 most people thought it was two lands. In the subsequent years, its coastline was charted, its interior opened up, and its cities, laws and economy developed. In this riveting, wide-ranging history, David Hill traces how this happened through the key figures who built this country into the thriving nation it is today- from its prescient and fair-minded first governor, Arthur Phillip, to the unpopular William Bligh, the victim of the country s first and only military coup; from the visionary builder and law-maker Lachlan Macquarie to William Wentworth, the son of a convict who secure.
