The digital copies of this book are available for free at First Fruits website. place.asburyseminary.edu/firstfruits INTRODUCTION It has been suggested that the story of Asbury Theological Seminary be told within the compass of this little volume numbering less than one hundred pages. What an assignment! However the attempt is being made with the hope that the purpose of such an assignment may at least in some measure be fulfilled. The limitations upon such an attempt are numerous. We trust that they will be understood and appreciated by the reader. The actual time of the founding of the Seminary was 1923, and the major emphasis will be put upon the events and developments that have taken place during the four decades from that year to the present. However, there is a meaningful continuity between the spirit and life of this theological institution and the historic Christian community even from apostolic times. Especially will this continuity be observed in the relationship that Asbury has maintained with Methodism. Heretofore there have been no published works dealing exclusively with the history either of Asbury College or of the Seminary. Three unpublished works, however, have been produced, one on the history of the College and two on the history of the Seminary. Each of these was written as a masters thesis. In 1926 Earl Stanley McKee dealt with the early history of Asbury in a thesis entitled, *The Early History of Asbury College, 1890-1910*. This is available at the library of the University of Kentucky. Twenty-three years later, in 1949, Robert Owen Fraley wrote a masters thesis entitled, *A Complete History of Asbury Theological Seminary*. A copy of this may be found in the Asbury Seminary library. Only two years...
