Forgotten Books. Paperback. Condition: New. 354 pages. Dimensions: 9.0in. x 6.0in. x 0.8in. An important book on an important town 4A pr. 08 is to be issued by Messrs. Methuen. The town is London, and the author Mr. Wilfred Whitten, known to journalism as John o London. Considering that he comes from Newcastle-on-Tyne (or thereabouts, his pseudonym seems to stretch a point. However, Mr. Whitten is now acknowledged as one of the foremost experts in London topography. He is not an archaeologist, he is a humanist in a good dry sense; not the University sense, nor the silly sense. The word human is a dangerous word; I am rather inclined to handle it with antiseptic precautions. When a critic who has risen high enough to be allowed to sign his reviews in a daily paper calls a new book a great human novel, you may be absolutely sure that the said novel consists chiefly of ridiculous twaddle. Mr. Whitten is not a humanist in that sense. He has no sentimentality, and a very great deal of both wit and humour. He is also a critic admirably sane. (Typographical errors above are due to OCR software and dont occur in the book.)
