Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Newton An intention to preserve and to improve all conditions tending to make Newton increasingly desirable and more and more charming as a place of residence must have been shared by its authorities and its citizens through many ears or generations. Otherwise, and if the residents and their officers had not been animated by so well directed a public spirit, the City would not have been developed so remarkably and along such happily chosen lines. Nature was not niggardly in its endowment of the land now comprised within the limits of the City. The scenery is of marked and varied though always quiet charm. There are many elevations of different heights and numerous water courses, while the remaining forest trees and several lakes or ponds add further and a pleasant diversity to the topography. The Charles flowing for eleven miles or so along the southern and western boundaries so far enfolds the City in an embrace of beauty.
