THE BLACK LION: THE CHESS PREDATOR?s CHOICE AGAINST BOTH 1.E4 AND 1.D4 (PAPERBACK)**DOWNLOAD**

New in Chess, Netherlands, 2009. Paperback. Condition: New. Language: English . Brand New Book. More than 85 of all chess games start with White s first move being either 1.e4 or 1.d4. This book presents a flexible, logical and sensible way for Black to meet both of these moves. This robust repertoire is based on a multipurpose opening system that looks quiet, like a sleeping lion (hence the name). But when this predator is provoked, and the game heats up, Black eats its prey in an extremely swift and efficient way. Its many verbal explanations, summaries and conclusions make The Black Lion an accessible and easy-to-navigate opening manual.
