There are already so many books, resources, lengthy courses on leadership. Is one more really necessary? Yes! Here s why. Since leadership is a journey and not a destination, it s no wonder there are lengthy courses to help you develop your leadership skills and fine tune your professional growth. Many books are available because leadership development can t be defined by a single system. The reason for this is because there are too many variables. There naturally would be as we re dealing with people. Every situation has its own unique challenges and opportunities. There is a simple yet powerful way to apply a strategy which will get you up and running immediately if you ve found yourself in a leadership role. And if you re already a seasoned leader, applying the three principles of this dynamic strategy will refine your leadership skills and excel your professional growth to new heights. You may be applying some aspects of these principles already. Adventures in Inspirational Leadership will make these principles clear, accessible and actionable. You ll also receive links for downloadable resources to further increase your skills as a leader. If you want to be a leader who inspires your team, this is the book for you! You ll Discover: Your unique opportunity to develop into one of the most effective and inspirational leaders in your field!The 3 E s of Effective Leadership, how you can apply them for use immediately, and be the leader who inspires your team, harvests respect from superiors, and establishes you as integral to the mission of your command, company, corporation or organization.How to work yourself out of a job and into...
